### **External USB Hard Drives:**

Hard drives provided are USB 2.0 external drives of at least 300 GB capacity. The power supply can handle voltage in the range of 100-240, 50-60Hz but contain a USA-type of electric plug that will require an adapter (not provided). User-supplied hard drives can be accommodated as a special order.

### **DVD Orders:**

If a hard drive has not been specified on the order form, the MM5 data will be provided on DVDs, except for the Full Domain, which are available only on hard drives due to the large space requirements of the files. Data for up to 10 tiles can be requested on CDs as a special order. Please contact [asg@trcsolutions.com](mailto:asg@trcsolutions.com) for information on special orders.
