

12km MM5 Data Tiles for the USA

Group of Tiles - Sample for Request

Map Projection: LCC; Center: 40N, 98W
 Standards: 20N, 60N
 Datum: NWS-84

When requesting a certain number of tiles within a specified region, just provide the tile number of tile on the southwest corner and northeast corner of the desired region, as indicated with red on this plot. In this example, tiles 581 and 761 would define desired area.
